

Building Skills. Shaping Futures

[www.devxtra.com](http://www.devxtra.com)

# Start Your Journey From **CODER TO CREATOR**

At DevXtra, coding is just the beginning. We shape you into a creator, someone who builds, solves, and makes an impact in the real world.

# Build Skills Shape Your Future

We train you to not just keep up with the world, but to stay ahead of it. At DevXtra, you don't just learn skills for today – you shape the future you want. With real projects, mentorship, and freedom

We're an ~~academy~~

# WE'RE A TECH-STARTUP ENVIRONMENT

transformation, launchpad, incubation

*We're everything*

# YOU ARE LOOKING FOR

*We believe in freedom, transformation, and real outcomes*

## NO ONE NEEDS PEOPLE WHO JUST “KNOW CODING”

**It needs creators who can build products, solve problems, and shape industries.**

**WE ARE HERE TO:**

- ◆ Unlock your skills with hands-on learning
- ◆ Guide you with mentorship and startup-style projects
- ◆ Help you earn, grow, and build a career that pays back

# **OUR 21 DAYS TRYOUT OUT PROGRAM**

**NO EXPERIENCE  
BEGINNER IN TECH  
NOT SURE ABOUT IT  
CONFUSED-----NO PROBLEM**

***With our 21 days tryout program you  
can learn and decide whether tech is  
your field***

**IN JUST  
3 WEEKS  
YOU'LL**

Learn basics, logics and web development

Work on your personal portfolio

Experience real-life mentoring and Real tech interview by senior developers

Walk away with skills and clarity — even if you don't continue.

**If you are curious,  
consistent, and ambitious**

**TRY BEFORE YOU COMMIT – TRANSFORM BEFORE YOU INVEST.**

# OUR MENTORS

**MAHESWAR  
DILEEP**

Mentor

**SHUHAIB  
AKTHAR**

Mentor

**REMIN T ROY**

Mentor

# NOT JUST CODING TOTAL TRANSFORMATION

*At DevXtra, you don't just learn today's skills  
you master tomorrow's advantage*

## Startup-Style Learning

Real projects, team collaboration, and industry simulation.

## Personal Mentorship

1 mentor for every 25 students, guiding your journey personally.

## Earn While You Learn

Freelancing projects and paid opportunities before graduation.

## Personal Branding

Build a LinkedIn presence and portfolio that attracts clients and recruiters.

## AI-Integrated Learning

Stay ahead with automation, AI-assisted coding, and modern tools.

## Freedom + ROI

Skills that deliver returns, not just certificates.

*What Makes  
DEVXTRA DIFFERENT*

# EARN WHILE *Learn*

**Why wait until the end  
of the course to earn?**

At DevXtra, you start freelancing while learning. With the skills you pick up, you can land real projects, get paid, and gain industry exposure while still learning.

## ***freelancing Advantages***

- **Early Income** Start making money while you study.
- **Real Clients** Work with actual businesses, not just dummy projects.
- **Confidence Boost** Nothing beats solving real problems and getting paid for it.
- **Portfolio Growth** Every project adds weight to your profile.
- **Freedom & Flexibility** Choose projects that excite you, work on your own schedule.

# COURSE Journey ROADMAP

From Beginner to Future Tech Leader
